The preferred method of reporting is email with a copy of the Result Sheet attached.

Where postal services are relied on instead, the result must also be phoned in within the permitted period stating overall match score in terms of shots, and also stating number of rinks won, drawn, lost.

In the absence of a timely submission of a match result by one of the two teams, initial updates to the League Tables may use the Opposition's Result submission for both teams.

Where there is evidence of persistent intent by a Club not to play their fixture(s) the Executive Committee reserves the right to suspend such Club(s) from the competition.

- (e) The competition shall be played on a league basis with points in each game awarded as follows:-
 - 8 points for an overall win

Total maximum points possible is 22

In the event of 2 or more teams finishing on equal points their league position will be determined by the team with the greater shot difference. Should a number of matches be cancelled for health reasons (eg Covid; eg ventilation deficiencies), league positions will be determined for each club on an average points won per match played basis.

On completion of the league fixtures the top 4 Clubs from each division will then participate in a knock out competition with the two clubs remaining at the end of the knock out phase competing in the Final. See clause (g) for Play-Off format.
